SUMMARY

Data Science student at New Horizon College of Engineering with an interest in solving real-world problems using programming and data analysis. Experienced with Python, Java, NumPy, Pandas, data visualization, and object-oriented programming through coursework and projects. Always eager to learn new technologies and apply them to build practical solutions.

PROJECTS

ATTENDANCE MANAGEMENT SYSTEM

- Developed a system to record and manage student attendance with subject-wise tracking.
- Implemented features to mark attendance for each subject and calculate both **subject-wise and overall attendance percentage** of the student.

AI-Based Resume Skill Gap Analyzer (Ongoing)

- Developing a system that analyses resumes and compare them with job descriptions to identify missing skills.
- Suggests relevant skills and a **learning roadmap** to help users improve job readiness.

EDUCATION

- New Horizon College of Engineering, Bangalore (**2024- present**)
- Computer Science and engineering - Data Science **CGPA: 8.68**

SKILLS

- **Programming:** Python, Java, C
- **Libraries:** NumPy, pandas
- **Data Visualization:** Tableau
- **Tools:** Visual Studio Code, Jupyter Notebook, GitHub

CERTIFICATIONS & COURSES

- Technology Job Simulation – **Deloitte**
- CS50x: Introduction to Computer Science – **Harvard University**
- The Joy of Computing Using Python (In Progress) – NPTEL
- Ideathon Participation Certificate

LANGUAGES

- ENGLISH, HINDI AND KANNADA
